

2025 Ambetter Commission Schedule

This Commission Schedule Addendum applies to Ambetter (the Plan) Qualified Health Plans (QHPs) sold inside or through the Marketplace, or Off-Exchange Plans enrolled directly with the Plan, for Benefit Year 2025, even if such QHPs and Off-Exchange Plans were sold prior to the commencement of the Benefit Year.

In accordance with the Producer Agreement, the Plan reserves the right to change this Commission Schedule at any time without advance notice, unless otherwise indicated by an SBM or specific state. The Commission Schedule is reviewed periodically and may be adjusted to reflect market conditions.

Section 1: Definitions

The following are defined terms for purposes of the Commission Schedule:

- 1.1 Benefit Year means a year of health insurance benefits coverage under a QHP or an Off-Exchange Plan. The Benefit Year for policies bought inside or through the Marketplace or Off-Exchange Plans enrolled directly with the Plan, begins January 1 of each year and ends December 31 of the same year.
- 1.2 Marketplace means a governmental agency or non-profit entity established under the Affordable Care Act through which individuals purchase QHPs. Sometimes referred to as “Exchanges,” this term includes the Federally-facilitated Marketplace (FFM), Federally-supported State-based Marketplace (SSBMs), State-partnership Marketplaces (SPMs), and State-based Marketplaces (SBM).
- 1.3 Member means each individual enrolled with coverage under a single QHP insurance policy with the Plan selected through the Marketplace or an Off-Exchange Plan purchased from the Plan.
- 1.4 Open Enrollment Period (or OEP) means the annual period of time during which individuals can enroll in a QHP through the Marketplace or for an Off-Exchange Plan through the Plan. For the 2025 Benefit Year, the annual Open Enrollment Period begins on November 1, 2024 and extends through January 15, 2025. For purposes of this Commission Schedule, the term OEP includes any extensions or “in line” enrollment policies issued by the U.S. Department of Health & Human Services (HHS) which in effect extend the time for individuals to enroll during OEP beyond January 15, 2025.
- 1.5 PMPM (per Member per month) means the method in which payment is calculated for a sale of a QHP and for an Off-Exchange Plan and paid for each Member.
- 1.6 Qualified Health Plan (or QHP) means an individual health insurance policy that is certified to be offered for sale through the Marketplace. A QHP is a single policy issued by the Plan which provides self-only, child-only, or family coverage.
- 1.7 Special Enrollment Period (or SEP) means the period of time during which an individual who experiences certain qualifying events may enroll in, or change enrollment in, a QHP through the Marketplace outside of the Open Enrollment Period or they may enroll with an Off-Exchange Plan directly with the Plan.
- 1.8 Off-Exchange¹ Plans means an individual health insurance policy that is purchased directly from the Plan, outside of the Marketplace.

- 1.9 Chargeback means the recoupment of the unearned commission payments for retroactively canceled or termed policies.
